Notes:

1. Interest calculations and when interest is credited:
Type A: calculated on minimum monthly balance, credited 6 monthly
Type B: calculated on daily balances, credited 31 May
Type C: calculated on daily balances, credited quarterly
Type D: calculated on minimum monthly balances, credited at month end
Type E: calculated on minimum monthly balances, credited on 31 October
Type F: calculated on daily balances, credited either monthly, quarterly, 6 monthly, annually or at maturity. At maturity interest may be added to the term deposit, thus earning additional interest, or credited to your nominated savings account. Other than at maturity, interest is credited to a nominated savings account, or for terms of 12 months or greater, interest may be added to the term deposit, thus earning additional interest.
Type G: calculated on daily balances, credited fortnightly
Type H: calculated on daily balances, credited monthly
Type I: calculated on minimum monthly balances, credited on 31 May.
2. Four (4) withdrawals allowed every twelve (12) months, otherwise we may require, at our discretion, the account to be transferred to an alternative account that allows additional withdrawals.
3. Between 1 November and 31 December. For withdrawals outside this period we may require, at our discretion the account to be transferred to an alternative account. You may access the Christmas Club Account, via Internet & Telephone Banking, only between 1 November & 31 December.
4. Four (4) transactions per month including withdrawals of \$500 or more, otherwise account is transferred to an alternative account that allows additional withdrawals.
5. Minimum withdrawal of \$500.
6. Fees and charges are debited to an alternative account held by the member/s. No interest is credited to this account. Interest is calculated but paid to the entities specified in relevant legislation. Cash withdrawals are not permitted.
7. Withdrawals from the Statutory Deposit are only available by redemption of a letter of credit.
8. The offset only applies if the Mortgage Offset account (S77/S78) and the loan account are in the same names. Activating the S77/S78 account operates as a variation to your loan contract. The unpaid balance of the loan used for the calculation of interest is reduced by the Offset balance. The Offset balance is the balance of the S77/S78 account multiplied by the offset rate. Please refer to the Interest Rates for Non-Featured Products, available on the website, for the current Offset Rate. Up to 8 offset accounts per member are allowed.
9. Withdrawable at maturity. We require 7 days' notice of any request for early withdrawal. We may allow earlier withdrawals in our absolute discretion e.g. in cases of hardship or special need. We may also reduce interest or charge a fee. Please refer to our website for details of any early withdrawal interest reduction. On maturity, we will automatically re-invest your deposit in the same type of deposit as you originally chose unless you have told us otherwise. Normally, we will ask you, when making your deposit, what you want to happen on maturity.
10. Tiered interest rate depending on the balance of the account.
11. Tiered interest rate with the higher rate paid on the portion over the threshold amount only. Please refer to our Interest Rate Brochure for current threshold amounts.
12. Withdrawals and deposits on this account are only available through Internet banking and electronic credits from other institutions.
13. "Boosted" interest paid for each month in which a total of at least \$100 is deposited (not including interest paid on the account) and no withdrawals are made. Boosted interest is only paid on the first \$250,000.00 in the Savings Booster account. "Base" interest is paid where these conditions are not met. See Interest Rates page on the website for details of current rates. Maximum of one Savings Booster account per member.
14. Bonus additional interest is paid on this account if the following criteria is satisfied: a minimum \$100 customer-initiated deposit and no withdrawals are made in the calendar month the higher rate of interest is paid on daily balance for that month. If minimum deposit of \$100 is not made and/or a withdrawal was actioned within the calendar month, standard interest rate will apply for that month. Interest from previous month(s) does not contribute towards required minimum monthly deposit.

Please refer to our Interest Rates for Non-Featured Products on our website for further interest rate information.

15. Choose to receive interest or not to assist with your legal reporting requirements.
16. No transactions can be made during the nominated fixed term period, unless qualification criteria are met due to drought, natural disaster, or hardship (refer to ATO website for further information).
17. This account is eligible to be part of the Community Partnership Program at the time an eligible organisation ('Community Partner') has been assigned by the account holder. When a Community Partner has been assigned, we will calculate the average annual balance of each account at the end of each financial year and donate the designated donation percentage to that individual Community Partner.

Please refer to the Community Partnership Program Guidelines located at www.regionalaustaliabank.com.au for further details including the current donation rates. Within 6 months of the end of the previous financial year, Regional Australia Bank will present the donation to each Community Partner as a 'bonus payment'.

18. New Cheque Book facilities are only available for Business Members on relevant available products. Members with existing Cheque Book facilities will not be impacted.
